9. I have been employed as a Postal Inspector since July 2003. From October 2003 through September 2005, I was assigned to the Internal Crimes / Mail Theft Investigations Team. Previous to that, I was employed with the United States Postal Service (USPS) for more than eight years. In July 2006, I received specialized training from the U.S. Postal Inspection Service which included instruction regarding individuals using the U.S. Mails to transport controlled substances and proceeds from the sale of controlled substances as well as the use of Postal Money Orders and other negotiable instruments to launder the proceeds of controlled substances transactions. In May 2007, I completed 80 hours narcotics investigations training by attending the Drug Enforcement Administration's Basic Narcotic Investigator School. In November 2007, I completed 30 hours training from the California Narcotics Officers Association, relative to the investigation of narcotics trafficking.

10. I have been involved in more than 100 investigations involving the shipment of illegal narcotics and controlled pharmaceuticals as well as drug proceeds through the US Mails. I have also investigated individuals who have used US Postal Money Orders, commercial money orders and

1 other types of negotiable instruments to launder the proceeds of illegal narcotics and controlled
2 pharmaceuticals. These investigations have resulted in the arrests of individuals involved in the
3 illegal mailing of narcotics, the seizure of illegal narcotics, controlled pharmaceuticals and
4 proceeds of illegal narcotics and controlled pharmaceuticals.

5 11. Based upon my training, experience and discussions with other Postal Inspectors and agents I
6 know the following in summary:

- 7 a. Individuals who regularly handle controlled substances leave the scent of controlled
8 substances on the currency and other items they handle. Proceeds from these sales are
9 often stored in close proximity to the controlled substances, thereby transferring the odor
10 of the controlled substance to the monies and packaging materials. Narcotic canines
11 are trained to alert on the scents of controlled substances.
- 12 b. The Postal Inspection Service and DEA Narcotic Task Force Commercial Interdiction
13 Team have worked aggressively to limit the use of shipping companies and the U.S. Mail
14 for the transportation of controlled substance through these companies.
- 15 c. Ongoing investigations have disclosed that Priority/overnight and "two day" parcel
16 deliveries have become a method of choice by drug dealers for the transportation of
17 contraband or the proceeds of narcotic sales.
- 18 d. I know that Southern California is a source region for controlled substances being mailed
19 throughout the United States. The proceeds from these narcotic transactions are then
20 transported via the U.S. Mails and other communication facilities back to Southern
21 California, the source of the controlled substances.
- 22 e. Drug dealers prefer the U.S. Mail, (but will sometimes utilize commercial shipping
23 companies), specifically "Express Mail" or "Priority Mail," for the narcotic or narcotic
24 proceeds transportation for various reasons, some of which are listed below:
 - 25 1. Items sent via "Express Mail" or "Priority Mail" are considered to be first-class
26 mail, therefore, cannot be examined without a Federal Search Warrant.
 - 27 2. "Express Mail" is usually requested to be delivered by the next day's mail.
 - 28

3. "Priority Mail" is usually requested to be delivered within two days of mailing.
 4. Dispatch times for "Express Mail" are specific and are controllable by the mailer/shipper.
 5. Any delay to the mail is an indication to the mailer the mail items have been possibly compromised by law enforcement agencies to obtain a search warrant.
 6. While it is not always the case that a delay of "Express Mail" or "Priority Mail" is for law enforcement purposes, those involved in illegal transactions have found that the odds are against delays in deliveries of "Express Mail" or "Priority Mail" by United States Postal Service.
 7. "Express Mail" and Priority Mail" may weigh up to 70 pounds and is desired for large volume shipments.
- f. Businesses are more likely to use Express Mail and Priority Mail than First-class Mail in the course of normal business and will often use an Express Mail Corporate Account Number for the billing of the mailed articles.
 - g. Criminals who are involved in trafficking of controlled substances and drug proceeds will often receive multiple Express Mail articles within a short time period of each other.
 - h. Criminals who are involved in trafficking of controlled substances and drug proceeds will often use multiple Post Office Boxes, Commercial Receiving Agencies and addresses in foreign countries to conceal their true identities and place of residence.
 - i. I also know that drug orders containing currency, checks or money orders sometimes do not contain the presence of controlled substances because persons involved in shipping often utilize packing methods and sanitation procedures to conceal the odor or controlled substances.
 - j. I also know from talking to U.S. Postal Service Supervisors and employees responsible for handling the mail that Express Mail is insured for up to \$100 in case of loss or damage. Insurance for Priority Mail may be purchased at an additional fee.

Customers are discouraged from sending U.S. currency via the U.S. Mails and are encouraged to purchase negotiable instruments as a means to send currency by the U.S. Postal Service.

k. I also know through my training and experience that drug dealers will often use legitimate names and addresses of persons other than their own, or occupants at the residence, in order to receive controlled substances and/or proceeds/monetary instruments at their residence under names other than their own and to avoid suspicion.

12. The information in this affidavit is based upon information I have gained from my investigation, my personal observations, my training and experience as well as information related to me by other Postal Inspectors and law enforcement officers. Since this affidavit is being submitted for the limited purpose of securing a search warrant, I have not included each and every fact known to me concerning this investigation.

13. On December 6, 2007, during routine interdiction activities at the Midway Processing and Distribution Facility (P&DF) located in San Diego, CA, I identified six suspicious parcels, which are the subject of this affidavit, and retrieved them for further investigation. The parcels were suspicious, in part because the labels on all six parcels were handwritten. Although I am not a handwriting expert, the handwriting on all the labels was similar in that they appeared to have been written by the same person.

14. Additionally, all six parcels appeared identical in their physical appearance and are further described as brown cardboard shipping boxes bearing the logo from "Office Depot" which is located on one of the flaps underneath each parcel. Furthermore, all the parcels are identical in size, each with the pre-printed size dimensions of 21 1/2" x 15" x 12" which is also located on one of the flaps underneath each parcel.

15. During the course of this investigation, I obtained and reviewed the video taped surveillance taken at the Post Office locations where the mailings took place.

- 1 16. Parcels #1 and #2 were mailed at the same time from the Paradise Hills Post Office. I reviewed
2 the surveillance video and identified the individual who mailed the two suspect parcels. The
3 mailer is described as an adult African American female. She is of a heavy build and was
4 wearing a blue hat, dark shades, a long sleeved shirt, blue pants and a long silver necklace.
- 5 17. Parcel #3 was mailed from the National City Post Office. I attempted to review this video but it
6 appeared the video recorded had not been turned on for this date; therefore, the surveillance of
7 the mailing was not recorded.
- 8 18. Parcel #4 was mailed from the City Heights Post Office. I reviewed the surveillance video and
9 identified the individual who mailed the suspect parcel. She is the same individual who was
10 video tape recorded mailing Parcels #1 and #2. The mailer was wearing the same clothing as
11 previously described in paragraph 16.
- 12 19. Parcel #5 was mailed from the John Adams Post Office. I reviewed the surveillance video and
13 identified the individual who mailed the suspect parcel. She is the same individual who was
14 video tape recorded mailing Parcels #1, #2 and #4. The mailer was wearing the same clothing
15 as previously described in paragraph 16.
- 16 20. Parcel #6 was mailed from the North Park Post Office. I attempted to review this video but it
17 appeared the video recorded had not been turned on for this date; therefore, the surveillance of
18 the mailing was not recorded.
- 19 21. Although I was unable to review the surveillance video from the National City Post Office and the
20 North Park Post Office which would have depicted the mailing of Parcels #3 and #6 respectively,
21 based on the totality of the circumstances, I believe that all six parcels were mailed by the same
22 individual.
- 23 22. On December 7, 2007 I met with Probation Officer Michael Anderson and his trained narcotic
24 detection canine, Kilo, at the Midway P&DF located in San Diego, CA. Officer Anderson and Kilo
25 conducted an exterior inspection of the subject parcels. When Kilo examined Parcels #1 through
26 #6 as described above, Officer Anderson advised me that Kilo had positively alerted to the
27 presence of the odor of controlled substances in Parcels # 1, 2, 3 and 5. Further inspection of
28

1 Parcels #4 and #6 revealed these two parcels had the seams completely sealed with clear
2 shipping tape. I know from previous investigations that sealing the seams of parcels is one
3 method drug traffickers use to help prevent the odor of controlled substances from emanating
4 from within the parcels. Based on the cumulative facts established in the mailing of all six
5 parcels I secured the subject parcels pending applications for the issuance of search warrants.
6 The qualifications of canine Kilo are contained in attachment A.

7 23. Based on the facts set forth in this affidavit, I submit that there is probable cause to believe
8 controlled substances, notes and/or currency from the illegal sale and mailing of controlled
9 substances is being concealed in the six subject parcels as described above and seek the
10 issuance of a search warrant directing the search of the articles as described above and the
11 seizure of the articles, any controlled substances, currency, and/or materials and documents
12 reflecting the distribution of controlled substances, all in violation of Title 21, United States Code,
13 Sections 841(a)(1), 843(b), and 846.

ATTACHMENT A
For
Michael J. Anderson and K-9 Kilo

Michael Anderson has been a Probation Officer for the San Diego County Probation Department for the past 17 years and is currently assigned to the East County Gang Task Force. Officer Anderson is also the Probation Department's Narcotic K-9 handler. In addition, Officer Anderson assists the Jurisdictions Unified for Drug and Gang Enforcement (J.U.D.G.E.), San Diego Integrated Narcotics Task Force (NTF), Field Action Specialty Team (FAST), and local Post Offices as well as the San Diego Police Department in searches for narcotics. Officer Anderson is a member of the California Narcotics Officers Association as well as the California Narcotic Canine Association.

On July 2003, he was assigned the responsibility of training and working with the San Diego Probation Department's narcotic K-9, Kilo, ID#K1. Between July and August 2003, San Diego Police Officer Steve Sloan trained Kilo and Officer Anderson in the area of narcotics. Officer Anderson and Kilo have been involved in training exercises where known controlled substances, containers, or paraphernalia were hidden. Kilo's alert consists of physical and mental reactions, which include a heightened emotional state and coming to a complete "sit" when his physical position allows.

On August 16, 2003 after 40 hours of training in the detection of marijuana, heroin, methamphetamine and cocaine, California Narcotics Canine Association certifying official Tom Iverson certified Kilo as 100% proficient in the detection of the same.

On November 14, 2003, Kilo was re-certified by California Narcotics Canine certifying official Tom Moore.

On 5/03/2005, Kilo was re-certified by California Narcotics Canine certifying official Mary Bohnnett.

On 3/31/06, Kilo was re-certified by California Narcotics Canine certifying official Joe Priebe.

On 12/1/06, Kilo was re-certified by California Narcotics Canine certifying official Joe Priebe.

Prior to Officer Anderson and Kilo becoming certified as a team, Kilo received 100 hours of training in the detection of marijuana, heroin, methamphetamine and cocaine by California Narcotics Canine Association certifying official Mary Bohnnett. To date, Kilo has completed a total of 475 hours of training.
